SAHAN THARUKA

Software Engineer Intern | Full Stack Developer

Phone: 076-9264925 | Email: sahantharuka0909@gmail.com | LinkedIn: Sahan Tharuka | GitHub: SahanRathnaweera | Portfolio: sahan-tharuka.vercel.app

PROFESSIONAL SUMMARY

Third-year Computer Science undergraduate seeking a **Software Engineering Intern** position, with **hands-on experience** in **full-stack web development** using **React**, **Vite**, **TypeScript**, **Tailwind CSS**, **Java**, and **Spring Boot**. Experienced in developing responsive user interfaces, building backend applications, and working with relational databases, including PostgreSQL and MySQL. Familiar with software development practices, RESTful API integration, and database management, with practical experience in **CI/CD pipeline automation** using **GitHub Actions**. Eager to contribute to building scalable, maintainable software solutions while continuously developing technical and problem-solving skills.

TECHNICAL SKILLS

Programming Languages	Java, TypeScript, JavaScript, SQL
Frontend	React, Vite, Tailwind CSS, Responsive UI Design
Backend & APIs	Spring Boot, RESTful APIs, Postman (API Testing & Debugging)
Databases	PostgreSQL, MySQL, Database Management
CI/CD	Git, GitHub, GitHub Actions
Methodologies & Tools	Agile/Scrum, Jira, Version Control

SOFTWARE ENGINEERING PROJECTS

1. Tixora – Real-Time Event Booking & Gate Verification Platform GitHub | Oct 2026

Tech Stack: Java 17, Spring Boot, Spring Security (JWT), PostgreSQL, React, TypeScript, Tailwind CSS

- **System Architecture & Security:** Built a full-stack ticketing platform with role-based access control (RBAC) enforcing secure JWT authentication and strict route protection.
- **Concurrency & Integrity:** Implemented real-time seat reservation with an automated 1-minute temporary seat lock to handle high concurrency and prevent double-booking.
- **Verification & Integrations:** Integrated simulated card payments to generate secure, encrypted QR code tickets with one-time-use validation for fraud-proof gate verification.

2. Zentro – Full-Stack E-Commerce Platform GitHub | Sep 2026

Tech Stack: Java, Spring Boot, MySQL, React, TypeScript, Tailwind CSS, PayHere API

- **Backend Architecture & Locking:** Engineered a RESTful e-commerce engine with pessimistic locking during transactional checkout to prevent stock overselling and maintain data consistency.
- **Payment & Order Management:** Integrated PayHere Sandbox payment gateway with signed server notifications and automated stock restoration logic on order cancellation.
- **Security & Exception Handling:** Enforced JWT authentication, BCrypt hashing, login rate limiting, and centralized exception handling producing standardized JSON responses.

3. TalentFlow OS – Recruitment & Talent Management Platform (Group Project) GitHub | Jun 2026

Tech Stack: ASP.NET Core (.NET 8), C#, React, TypeScript, PostgreSQL, EF Core, Docker

- **Clean Architecture:** Designed a enterprise-grade backend adhering to Clean Architecture principles across API, Application, Domain, and Infrastructure layers.
- **Candidate Management:** Implemented candidate lifecycle features allowing users to manage profiles, CVs, skills, certifications, and track job applications.
- **Auth & Unit Testing:** Integrated JWT authentication with role-based policies and authored automated unit tests using xUnit and Moq to validate business logic.

EDUCATION

BSc (Hons) in Computer Science - NSBM Green University | GPA: 3.633 *Feb 2025 - Dec 2028 (Expected)*

CERTIFICATIONS

- API Testing Learning Path - Postman Academy (Link)
- Continuous Integration with Jenkins - Applitools (Link)
- Agile Project Management - HP LIFE (Link)
- HP LIFE Ambassador (Link)
- AI-Powered DevOps - KodeKloud (Link)
- GitHub Basics - Simplilearn (Link)
- Basics of Data Structures and Algorithms (Link)

LEADERSHIP & EXTRACURRICULAR

Media Coordinator, IEEE Computer Society Student Branch Chapter, NSBM *Mar 2026 - Present*
Event Coordinator (Subcommittee), CSSL Genz Chapter, NSBM *Jan 2026 - Present*
Logistics Lead, Duothan 6.0 (National-Level Event), IEEE Student Branch NSBM *Jun - Aug 2026*
Marketing Team Member, IEEE Jamborieee, IEEE Sri Lanka Section (KDU Southern Campus) *Jun - Jul 2026*
Team Lead, NSBM Open Days - IEEE Stall *Mar 2026*
