SAHAN THARUKA

QA Engineer Intern | Test Automation

Phone: 076-9264925 | Email: sahantharuka0909@gmail.com | LinkedIn: Sahan Tharuka | GitHub: SahanRathnaweera | Portfolio: sahan-tharuka.vercel.app

PROFESSIONAL SUMMARY

Third-year Computer Science undergraduate seeking a **QA Engineer Intern** position focused on test automation. **Hands-on experience** in web, API, and performance testing using **Selenium WebDriver**, **Playwright**, **Postman/Newman**, and Apache **JMeter** with **Java** and **TypeScript**. Knowledgeable in software testing life cycle (STLC), **test case design**, **defect management**, and Agile/Scrum methodologies, with experience in **CI/CD** test automation using **GitHub Actions** and defect tracking using **Jira**. Eager to contribute to software quality by developing reliable automated tests and improving testing efficiency.

TECHNICAL SKILLS

Test Automation	Selenium WebDriver, Playwright, Cucumber (BDD), TestNG, Page Object Model (POM), Gherkin, Cross-Browser Testing
API Testing	Postman, Newman, REST API Testing, JSON Schema Validation (Chai, tv4)
Performance Testing	Apache JMeter, Load Testing, Thread Groups, Data-Driven Testing, SLA / Response-Time Validation
Manual Testing	Test Case Design, STLC, Bug Life Cycle, Defect Reporting, Regression & Exploratory Testing, Jira
CI/CD & Tools	Git, GitHub, GitHub Actions
Languages	Java, TypeScript, JavaScript
Methodologies	Agile/Scrum, STLC, Quality Assurance (QA), Bug/Defect Tracking

TESTING & AUTOMATION PROJECTS

1. E-Commerce Web Automation Testing Framework — *GitHub | Jun 2026*

Tech Stack: Java, Selenium WebDriver, TestNG, Cucumber (BDD), Maven, POM

- Built an end-to-end UI automation suite using Page Object Model covering login, search, cart and checkout with positive and negative scenarios.
- Implemented Cucumber BDD feature files and HTML reporting for clear pass/fail visibility.

2. E2E Test Automation & CI/CD Framework (Playwright) - Sauce Demo — *GitHub | Aug 2026*

Tech Stack: TypeScript, Playwright, POM, GitHub Actions

- Designed a modular multi-user E2E framework (auth, search, cart, checkout) with Page Object Model.
- Automated a GitHub Actions pipeline for headless execution, failure diagnosis and report publishing on every commit.

3. REST API Test Automation & CI/CD Framework — *GitHub | Jun 2026*

Tech Stack: Postman, JavaScript (Chai/tv4), Newman, GitHub Actions

- Automated API tests for Restful-Booker covering CRUD operations, auth tokens and variable chaining.
- Added Chai and tv4 JSON schema validation; integrated Newman with GitHub Actions CI for continuous build reliability.

4. Web Application Performance & Load Testing Framework — *GitHub | Jul 2026*

Tech Stack: Apache JMeter 5.6.3, CSV Data-Driven Testing, Non-GUI CLI

- Engineered a data-driven JMeter suite for BlazeDemo with SLA assertions (response time < 2000 ms).
- Ran non-GUI load tests and produced HTML dashboards analyzing throughput, latency and error rates.

5. Jira Test Management & Agile Defect Lifecycle Simulation — *GitHub | Aug 2026*

Tech Stack: Jira Software (Cloud), Agile/Scrum, Manual QA

- Managed test planning, execution and defect lifecycle for Daraz e-commerce workflows (auth, search, cart, checkout) across multiple Agile sprints.
- Authored structured test cases and reproducible high-severity defect reports in Jira.

EDUCATION

BSc (Hons) in Computer Science - NSBM Green University | GPA: 3.633 — *Feb 2025 - Dec 2028 (Expected)*

CERTIFICATIONS

- API Test Automation with Postman - TestAutomationU (Link)
- API Testing Learning Path - Postman Academy (Link)
- Continuous Integration with Jenkins - Applitools (Link)
- Agile Project Management - HP LIFE (Link)
- AI-Powered DevOps - KodeKloud (Link)
- Automation Testing Basics - Simplilearn (2026)
- GitHub Basics - Simplilearn (Link)
- Basics of Data Structures and Algorithms (Link)

LEADERSHIP & EXTRACURRICULAR

Media Coordinator, IEEE Computer Society Student Branch Chapter, NSBM — *Mar 2026 - Present*

Event Coordinator (Subcommittee), CSSL Genz Chapter, NSBM — *Jan 2026 - Present*

Logistics Lead, Duothan 6.0 (National-Level Event), IEEE Student Branch NSBM — *Jun - Aug 2026*

Marketing Team Member, IEEE Jamborieee, IEEE Sri Lanka Section (KDU Southern Campus) — *Jun - Jul 2026*

Team Lead, NSBM Open Days - IEEE Stall — *Mar 2026*
